Building THE FUTURE COMMISSION

CELEBRATING **180** YEARS

The commission continues a year-round campaign in 2024 with the creation of a Think Tank research hub focused on vital industry topics to bring the industry together for a conference in Westminster September.

The think tank's programme for 2024 is on five key areas. The themes identified so far are:

- AI and digital construction
- People and skills
- Building safety
- Implementing net zero
- Workplace and productivity

National and regional reach – in 2024 the commission will continue its partnership with Constructing Excellence with regional round table events across the UK.

Conference- Over 400 senior industry delegates come together to hear from leading industry experts on the issues that matter to them – position your business at the center of the discussion with the following opportunities:

- Headline sponsorship
- Research/thought leadership solutions
- Panel debate speaker spots
- Bespoke conference packages

The evening of the conference is the shortlisting party, which will bring people together to network and celebrate those who have been shortlisted for the Architect of the Year Awards and the Building Awards.

Get in touch to discuss the partnership opportunities, including speaking on our panels and roundtables, branding and lead generation.
